### ALLERGEN DISCLAIMER

The allergen information provided is accurate and up-to-date to the best of our knowledge. It is based entirely on the information provided by our ingredient manufacturers and suppliers. The labeling practices and terminology relating to manufacturers' handling and other potential allergens in their facilities varies greatly and can be vague. Because of this, we have not included in our listings allergens that may be present in the manufacturer's plants or may even come in contact with the same manufacturing equipment.

**No allergen information should ever be considered a guarantee, but simply a best faith effort to serve our customers.**

## Helpful Tips FROM THE KITCHEN

### ALLERGIES AND EATING

It is difficult to eat safely, especially when dining out. Options are limited because of the absence of available information for accommodating individual needs. Hopefully, the information provided here will allow you to dine safely.

Although many of our menu items contain allergens, because we make almost everything to order, there are ways to make a lot of them allergen-free. Complete and interactive information on allergens (and gluten) in our food can be found on our website: [www.davannis.com](http://www.davannis.com).

### ABOUT CROSS-CONTACT

All of our managers, shift leaders and most of our employees have received some basic allergen training. They understand that with allergens, cross-contact can cause problems. They know the measures to prevent cross-contact when preparing food for someone with a food allergy. However, anytime any allergen is present, accidental contamination is possible. If your allergy is such that accidental contamination is a problem, we encourage you to discuss the steps that will be taken to prevent it with the manager on duty.

## PEANUTS & SHELLFISH

There are no shellfish, peanuts or peanut products in our restaurants. Our Brownie ingredients come from a facility at which there may be contact with peanuts.

## FISH

If fish cause you problems, you have only two items you need to avoid: Tuna Hoagies and Anchovies, an ingredient in our Caesar Dressing.

## EGGS

**Pizzas and Calzones:** There are no eggs or egg products in any of our pizzas (except for our gluten-free crust), sauces or ingredients.

**Hoagies:** Avoid our white bun, our standard mayonnaise, Chipotle Mayonnaise and Chipotle Salsa Ranch Dressing. Our meatballs and Honey Mustard Dressing also contain eggs. All of our hoagie varieties (except for Chicken Bacon Honey Mustard and Meatball) contain no eggs if ordered on either our grain or Ciabatta bun with no mayo, Chipotle mayo or Chipotle Salsa Ranch (normally only served on our Southwestern Chicken Hoagie). NOTE: Our grain and Ciabatta buns do not contain eggs, but are made on common equipment that also makes buns containing eggs.

**Pasta:** If you avoid the meatballs, all of our penne pasta choices are safe. If you get garlic toast with your pasta, make sure it is on either our Ciabatta or grain bread. Lasagna is made with both eggs and egg noodles.

**Salads:** Lots of options with salads, but dressings are more limited. If you want to order the Chicken Cobb Salad, specify no eggs. The rest of our salads are egg-free. The only salad dressings without eggs are the Honey French, Lite Italian, Asian Sesame Dressing and Red Balsamic Vinaigrette. With dressings, always check the ingredient statements on the package to be certain.

**Sides:** If you order Garlic Cheese Bread, get either Ciabatta or grain bread. The Meatball Sharable contains eggs.

**Desserts:** Chocolate Chunk Cookies and our Fabulous Brownies both contain eggs. Rice Crispy Treats do not.

## DAIRY

Milk or milk products are present as a hidden ingredient in many of our items, including our garlic butter, white and grain bun, deep dish pizza crust, chicken breast and meatballs.

**Pizzas:** Choose either our thin or traditional pizza crust, with no cheese (to include Romano, which is made from sheep's milk). All of our pizza sauce choices are dairy-free. All of our pizza add-ons/toppings are safe except for chicken and, of course, extra cheese, cheddar cheese and gorgonzola.

**Hoagies:** Your safe hoagie choices are the Club, Roast Beef, Pastrami, Turkey, Assorted, Ham, Salami, Veggie and Pizza as long as you order them on our Ciabatta bun. Be sure to order them with no garlic butter and no cheese, to include Romano. Also, our Chipotle mayonnaise contains milk, but our standard mayonnaise does not.

**Calzones:** We make our calzones with garlic butter, mozzarella and Romano cheese. If you order one, specify no garlic butter, no cheese (to include Romano) and no chicken.

**Salads:** All of our salads can be safe as long as you order them with no cheese and no chicken. Salad dressings and croutons are provided in individual portion packs, so you can check the ingredient statements, but at this time, only our Honey French and Lite Italian dressings are milk-free. Caution: Our croutons contain milk.

**Pasta:** Our garlic butter (which contains milk) is used in preparing our penne pasta. Also, our Alfredo sauce, Rosa sauce, chicken breast and meatballs all contain dairy. You can order pasta with red sauce, but with no garlic butter, no Romano cheese and with either Italian sausage or plain (without meat). You'll have to pass on the garlic toast and lasagna.

**Sides:** Our meatball sharable and garlic cheese bread contain dairy. You could have our breadsticks if you order them with no garlic butter or Romano. Plain (Original) or Mesquite BBQ Potato Chips are safe, but not our Parmesan and Garlic or Jalapeño & Cheddar Chips.

**Desserts:** Avoid all of our desserts because they contain milk.

## SOY

Our menu recommendations include ingredients with soy which manufacturers have declared as sufficiently refined so they are not consider allergenic.

**Pizzas:** Order our traditional or thin crust. Our deep dish crusts are brushed with and baked in a pan with garlic butter. The thin crusts are processed using mineral oil. All of our sauces, cheese and topping choices are soy-free, except for our chicken breast.

**Hoagies:** Avoid the hoagies made with chicken breast. All of the other choices are free from soy, as long as you order your hoagie with no garlic butter.

**Calzones:** If you order a calzone, please specify no garlic butter and don't order it with chicken.

**Pasta:** Our lasagna and pasta contain soy. Don't order it with chicken.

**Salads:** All of the salads are safe choices as long as you order them with no chicken. Salad dressings come in individual packets, so check the ingredient statement, but as the present time Bleu Cheese, Honey French, Lite Ranch and Lite Italian do not list soy as an allergen. Croutons contain soy.

**Sides:** Our Boneless Chicken Wings do contain soy. Stay clear of our Breadsticks and Garlic Cheese Bread unless you order them without garlic butter.

**Desserts:** Stick to our Rice Crispy Treats. Our Fabulous Brownies and Chocolate Chunk Cookies contain soy.

## TREE NUTS

The only tree nuts in our restaurants are slivered almonds (kept in a covered container), which we use in our Asian Chicken Salad and Spinach with Chicken Salad. If you must order one of these two salads, please carefully explain your allergic condition and specify "No almonds!" Our Confetti Sugar Cookies do contain Imitation Almond Extract.

Our Ciabatta buns and Brownies are made at a facility at which there may be contact with tree nuts. Our white and grain buns are produced at our nut-free bakery.

## WHEAT, BARLEY & RYE

Although the effects are different, our menu options are pretty much the same for both wheat allergies and gluten intolerance. We have a gluten free menu available and we take all possible precautions against cross-contact, but please note that we have a flour-rich environment, so if flour dust can be an issue, you may want to make another choice.

**Pizzas:** With our gluten-free crust, you have every choice available on our menu since our sauces and toppings are all wheat-free and gluten-free.

**Hoagies:** We can make what we call a "skillet meal" for you, which is essentially any of our standard hoagies (except for Cheese, Meatball and Pizza) made without the bun. We broil the meat and cheese in a skillet and serve it with normal veggies on the side.

**Salads:** All of our salads are wheat and gluten-free with the following modifications. Do not use croutons or wontons with your salad. If you order the Asian Chicken Salad, do not use the Asian Sesame Dressing that is normally served with it. All of our dressing should be safe, and are in individual packets with ingredient statements that you can double check yourself.

**Sides:** Best if you avoid all our side options.

**Desserts:** Probably best for you to avoid our desserts. Our Fabulous Brownies and Chocolate Chunk Cookies contain both wheat and gluten. The Rice Crispy Treats contain no wheat. They do, however, contain a small amount of malt (from barley) flavoring.

**Beverages:** All are wheat and gluten-free, except for beer (contains gluten).
